

Put good food to good use  
as a Hidden Harvest partner!

## Benefits of Being a Hidden Harvest Food Donor:

- Doing what your mom and dad taught you to do
- Convenient, no cost pick-ups
- Safe food handling materials supplied for donations (aluminum pans and lids, labels, boxes, etc.)
- Savings in storage, inventory, transportation and dumping
- Donation receipt showing weight by product category
- Tax incentive: businesses can deduct an amount equal to the cost of donated items plus 50% of the difference between cost and market value
- Piece of mind knowing that you are not throwing away good nutritious food when there are so many in need.

- In general, we accept prepared and perishable donations from commercial or licensed food facilities only.

- We will gladly pick up food donations of 20 lbs. or more.
- Ideally, the food should be packed, ready and accessible for pick-up upon the driver's arrival.
- Most of our pick-up locations are within the Great Lakes Bay Region. Arrangements can be made for outside area pick-ups.
- Give us a call to become a food donor today!
